

FORGED IN AUSTRALIA'S TOUGHEST TERRAINS

OKA Gen-5 all-terrain vehicle is an open platform designed for extreme off-road applications across mining, defence, emergency services, and expedition use.

OKA vehicles deliver unparalleled capability through proven Australian engineering, purpose-built tough construction, and adaptable modular design. OKA represents 40 years of refinement in all-terrain capability development, with the latest Gen-5 OKA scaled for global deployment.

OKA is the only Australian vehicle with Type Approval under RVSA, a rare validation earned through engineering excellence and tested in Australia's harshest environments.

FEATURE HIGHLIGHTS

- Forward-control dual cab with high payload capacity
- Exceptional off-road performance with OKA Flex suspension
- Engineered to Australian ROPS safety standards
- High-strength welded ladder frame chassis
- Modular tray and seating configurations
- 6.7L Cummins turbo-diesel drivetrain
- Allison automatic transmission
- All-terrain tyres and high clearance for remote access
- Braked trailer towing up to 4,500 kg

Gen-5 Single Cab Specifications

STANDARD EQUIPMENT

ROPS-compliant 4-door steel cab (AS1636-1984)

Cummins 6.7L turbo-diesel, Euro 5

Low Range transfer case

Air-hydraulic brakes with vented discs

Power steering with damper

OKA Flex multi-leaf suspension

285/70R 19.5 Continental tyres with spare

Laminated windscreen, sliding windows

Full instrumentation

Allison 6-speed automatic transmission

OPTIONAL EQUIPMENT

Bull bar, tow bar, 25,000 lb winch

Front/rear differential locks

Dropside or custom tray bodies

Auxiliary tanks (170L fuel, 95L water)

Central tyre inflation system (CTIS)

Light bars, spotlights, beacons

NATO hitch and blackout lighting

SPECIFICATIONS

Physical Dimensions

Length: 5,648 mm

Width: 2,000 mm

Height: 2,508 mm

Wheelbase: 3,190 mm

Frame Height: 950 mm

Weight & Capacity

GVM: 7,995 kg

Payload: 4,395 kg

GCM: 11,000 kg

Towing (braked trailer): 4,500 kg

Range: 1,600 km

Performance

Engine Power: 222kw / 285 hp

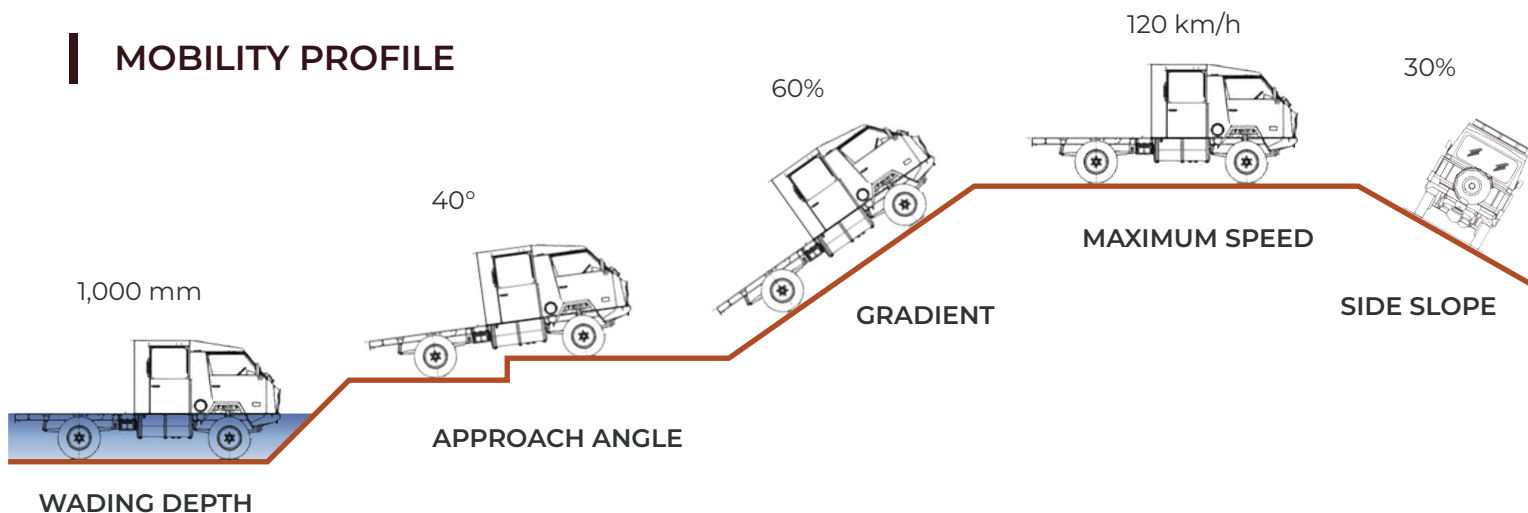

Torque: 1,025 Nm

Max Speed: 120 km/h

Turning Circle: 14.5 m

Max Gradient: 60%
